# Johnathan Fullman

---

## Objective

I am currently seeking full time employment that will not only allow me to utilize my current skills, but also allow me expand my knowledge into other areas.

## Work experience

### Software Engineer

2009-Present Advantage Dental Redmond, OR  
Duties included developing applications (web based and batch processing) to handle dental insurance claims, patient data, referrals, and reporting. The technologies used were ASP, jQuery based AJAX, SQL Server, SharePoint 2010, and VB.NET. HIPAA EDI X12 transactions were also used extensively to achieve goals with business partners.

### Programmer / Database Specialist

2006-2009 Jeld-Wen, Inc. Klamath Falls, OR  
Duties included maintenance of corporate code for manufacturing plants, updating order entry, quoting, and bill of material processors. I worked directly with facilities across North America to solve software issues that directly effected plant floor production.

### Software Engineer & System Administrator

2005 Oaktree Portland, OR  
Duties included web-based development with ASP.NET, financial processing integration using PayPal & Verisign technologies, and windows-based system administration (DNS configuration, website setup, server troubleshooting, and tape-backup management.)

### Web Engineer

2004-2005 Big B Creations Klamath Falls, OR  
Duties included web based application development using SQL Server and C#.NET. While working for Big B, I developed a C#.NET code base for database access and business objects which will be used in future projects.

### Channel Manager

2002-2004 Oregon Institute of Tech. Klamath Falls, OR  
Duties included designing and up keeping a student program's website, designing a slideshow application to run over OIT's closed circuit TV channel, keeping that slideshow up to date, and producing 5 min. of a sketch comedy show twice each academic term.

## Education

2010	SQL Soft+ 10232A: Developing SharePoint Applications	Beaverton, OR
2009	Educational Testing Service Praxis II: Math Content Knowledge - Score 178	Ashland, OR
2006 – 2007	Dale Carnegie & Associates Dale Carnegie Course - 3 Awards of Excellence	Klamath Falls, OR
2002 – 2005	Oregon Institute of Tech. B.S. Software Engineering Technology - GPA 3.68	Klamath Falls, OR
